

2011 International Oil Spill Conference
Videos Submitted to the Film Festival (updated 5/20/11)

1. Mr. Trond Eliassen
Producer - News On Request
pb9, 7551 Hommelvik, Norway
Mobile: + 47 97506745
eliassen@newson.no

Mr. Jan Erik Fester
StatoilHydro ASA
Sandsliveien 90
NO-5020 Bergen
Norway
+47 55 99 50 00
JEF@StatoilHydro.com

Title: "StatoilHydro - Emergency Response 2008". This video examines StatoilHydro's emergency response organization (12 minutes).

2. Ms. Lisa Symons
National Oceanic and Atmospheric Administration
Marine Sanctuary Program, N/ORM6
SSMC#4, 1305 East-West Highway
Silver Spring, MD 20910
(301) 713-3125 Ext: 108
Lisa.symons@noaa.gov

Title: "NOAA's Emergency Response Program – Safe Sanctuaries 2005. This video documents the emergency response exercise called "Safe Sanctuaries 2005" that was conducted in the Florida Keys National Marine Sanctuary April 20-21, 2005 (13 minutes).

3. Mr. William Schmidt
MAR, Inc./Ohmsett Facility
P.O. Box 473
Atlantic Highlands, NJ 07716
(732) 866-7285
bschmidt@ohmsettnj.com
jdelgado@marinc.com

Title: "Ohmsett – The National Oil Spill Response Research and Renewable Energy Test Facility". This video documents the capabilities of the facility and various types of oil spill response research that is conducted (7 minutes).

4. Ms Victoria Broje
Shell Global Solutions Inc.
Westhollow Technology Center
3333 Highway 6 South
Houston, TX 77082-3101
(281) 544-7437
VictoriaBroje@Shell.com
alan@spiltec.com

Title: "Oil Spill Response Under Cold Climate Conditions". This video examines the various oil spill response techniques that would be utilized to respond to an oil spill in the Arctic (10 minutes).

5. Mr. Rob Schrader
U.S. Coast Guard Atlantic Strike Team
5641 Doughboy Loop
Fort Dix, NJ 08640
(609) 724-0008
Rob.schrader@dep.state.nj.us

Title: "Deepwater Horizon Response: Controlled Oil Burning in the Gulf". This video will take the viewer through the beginning of the spill and focuses on the steps taken to begin controlled burning with footage of actual burns (15 minutes).

6. Mr. Paul Hillman
National Oceanic and Atmospheric Administration
Ocean Media Center
7600 Sand Point way, NE
Seattle, WA 98115
Paul.hillman@noaa.gov

Title: "NOAA Seafood Inspection and Safety During Deepwater Horizon/BP Oil Spill Response". This video was filmed in the Gulf of Mexico and on the Gulf Coast in May 2010 and focuses on NOAA's efforts to ensure seafood safety during the Deepwater Horizon/BP Oil Spill Response. (3 minutes).

7. Mr. Greg Sanders
BOEMRE/Pacific Regional Office
770 Paseo Camarillo
Camarillo, CA 93010
(805) 389-7863
David.Panzer@BOEMRE.gov

Title: “Wildlife and Fisheries Training”. This video is a joint submittal from BOEMRE Pacific Regional Office and the Pacific Operators Offshore, LLC (POOL). This educational video provides a basic understanding of the wildlife and fisheries resources that exist in the offshore California and how these resources can be appreciated and protected to avoid potential conflicts. (35 minutes)

8. Mr. Gary Shigenaka
National Oceanic and Atmospheric Administration
Emergency Response
7600 Sand Point way, NE
Seattle, WA 98115
(206) 526-6402
Gary.Shigenaka@NOAA.gov

Title: “Hindsight and Foresight – 20 Years after the Exxon Valdez Spill”. The 1989 Exxon Valdez oil spill changed the way oil and chemical spills are considered and dealt with in this country and thrust a little-known federal response group into the public eye as it provided scientific guidance for the cleanup. This 20-year retrospective reviews the events in the early days of the oil spill, shows current conditions, and identifies challenges for the future. (17 minutes).

9. Ms Irene Taylor Brodsky
Vermillion Pictures
820 N. River Street, Suite 202
Portland, OR 97227
(503) 287-3329
irene@vermillionpictures.com

Title: “Saving Pelican 895”. This video follows the journey of one pelican rescued in Louisiana in the aftermath of the BP oil spill. (38 minutes).

10. Mr. Stein Eric Sorstrom
SINTEF
Brattorkaia, 17C, Trondheim
7465 Trondheim, Norway
+47 99536050
Stein.E.Sorstrom@SINTEF.NO

Title: "Oil in Ice". This video provides details of the three-year project to develop knowledge, tools and technologies for improved oil spill response strategies for ice-covered waters. The program was initiated in September 2006 after a comprehensive preparation phase and completed in late 2009. (10 minutes).

11. Mr. Marcus Vinicius Lisboa
PETROBRAS - Seguranca, Meio Ambiente
Eficiencia Energetice e Saude – SMES
Av. Nilo Pecanha, 1514 andar
Rio de Janerio RJ CEP 20020-904
Phone (55 21) 3229-1288
Mobile: (55 21) 9978-9090
lisboa@petrobras.com.br

Title: "Petrobras Environmental Defense Centers Promptness for Contingency Situations". Petrobras, complying with the most modern international standards, has installed ten environmental defense centers, aiming to assure maximum protection to its operational units in case of emergency. Located at the company's operational strategic points, the centers play the role of rendering operational and logistics support, that is, complementing the local contingency plans existing in the terminals, refineries, platforms and vessels at the service of the company. (11 minutes).

12. Mr. Mark Howard
U.S. EPA
Washington, DC
(202) 564-1964
Howard.MarkW@epamail.epa.gov

Title: "EPA's Response to the Enbridge Oil Spill". This film focuses on the highly successful response to a large inland oil pipeline discharge and highlights the importance of partnerships with fellow State and local responders, as well as the public stakeholders. (14 minutes).

13. Mr. Trond Eliassen
Producer - News On Request, Client Eni Norge AS
pb9, 7551 Hommelvik, Norway
Mobile: + 47 97506745
eliassen@newson.no

Title: “Oil Spill Response Simplified”. This film targets people not familiar with the advanced methods of the oil spill response industry and provided an educational insight to basics of oil spill response in offshore environments. (9 minutes)

14. Mr. Trond Eliassen
Producer - News On Request, Client Eni Norge AS
pb9, 7551 Hommelvik, Norway
Mobile: + 47 97506745
eliassen@newson.no

Title: “GOLIAT Oil Spill Preparedness”. Goliat is the first oil field in production in the Barents Sea, located 80km northwest of North Cape, Norway. Due to the remote location of Goliat, Eni Norge has developed a range of innovative measures regarding oil spill contingency planning and response. This film highlights these measures. (5 minutes).

15. Mr. Paul Chetirkin
National Oceanic and Atmospheric Administration
299 Foam Street
Monterey, CA 93940
(831) 647-4210
Paul.Chetirkin@noaa.gov

Title: This is a compilation of three short, four-minute videos entitled: “One World One Ocean”, “One Fish, Two Fish, Red Fish, Blue Fish”, and “A Sense of Place...” Each of these videos were created by international students describing their summer internship at NOAA. (13 minutes).

16. Ms. Christi Cooper-Kuhn
1017 S. Black Ave.
Bozeman, MT 59715
(720) 917-9223
Christi.kuhn@gmail.com

Title: “The Sunrise People”. The Sunrise People is a documentary story of the Phillipe family, members of the Atakapa-Ishak tribe, who are struggling to preserve their way of life in the Southwest Louisiana bayou after the Deepwater Oil Spill of 2010. (10 minutes).

17. Mr. Jose Gabriel Olguin Pascual
Pemex Exploration and Production
Kikab Building 2 Level
60th Street Between Av. Aviacion and Av. Concordia
Colonia Petrolera
P.O. Box 24180
CD. Del Carmen, Campeche, Mexico
(52 01938) 3811200
Jose.gabriel.olguin@pmex.com
golguinp@pmex.com

Title: "UR Responsibility" This video highlights Pemex's commitment to safety and environmental protection (11 minutes).

18. Mr. Johan Marius Ly
Director, Department for Emergency Response,
Norwegian Coastal Administration, Head office
PO Box 1502, NO-6025 Ålesund, Norway
Phone: +47 33 03 48 71
Mobile: + 47 957 09 335
johan-marius@kystverket.no

Title: "The Oil Spill Operations and Salvage of "Full City". The bulk cargo carrier "Full City" grounded July 31st of July 2009 at 00:23 local time close to the town of Langesund in Telemark, Norway. This film portrays the operation led by the Norwegian Coastal Administration to reduce the pollution and its consequences, including the salvage operations undertaken by the ship owners. (17 minutes).

19. Ms. Deanna Morris
NOAA Ocean Media Center
7600 Sand Point way, NE
Seattle, WA 98115
(206) 526-4650
Deanna.morris@noaa.gov

Title: This is a compilation of four short, four-minute videos entitled "Gulf Scene Investigation – Oil Analysis", "Marine Debris Story", "LIDAR Using Laser as a Fisheries Research Tool", and "About NOAA" (16 minutes).

20. Mr. Marcus Vinicius Lisboa
PETROBRAS - Seguranca, Meio Ambiente
Eficiencia Energetice e Saude – SMES
Av. Nilo Pecanha, 1514 andar
Rio de Janerio RJ CEP 20020-904
Phone (55 21) 3229-1288
Mobile: (55 21) 9978-9090
lisboa@petrobras.com.br

Title: “MOBEX Amazônia 2010” This video describes the 7th International Mobilization and Preparedness Exercise (MOBEX) conducted December 2010 in Manaus, Brazil with over 200 government and the oil industry representatives from 22 different countries in attendance. The exercise witnessed the mobilization and deployment of Petrobras' Tier 1 and 2 resources in Brazil and Clean Caribbean and Americas Tier 3 resources from Fort Lauderdale, Florida. (10 minutes).
